

Join Dolomite Bio for a **FREE** scRNA-Seq and Single Cell Droplet Microfluidics 1-Day Workshop

Dolomite Bio are pleased to invite you to a scRNA-Seq and single cell droplet microfluidics workshop hosted by St Michael's Hospital Keenan Research Center, Toronto on August 21, 2017.

The workshop is **FREE TO ATTEND** and will benefit anyone who is looking to:

- Learn about the advantages of droplet microfluidics for single cell analysis
- Learn how to perform rapid and reliable encapsulations of single cells for scRNA-Seq, B-cell and T-cell analysis, FACS analysis, and more
- Participate in a discussion about droplet biology

This is a great opportunity to try out Dolomite Bio's latest cutting-edge single cell encapsulation technology.

FREE 1-Day scRNA-Seq and single cell droplet microfluidics workshop – Toronto

Date: Monday Aug 21, 2017

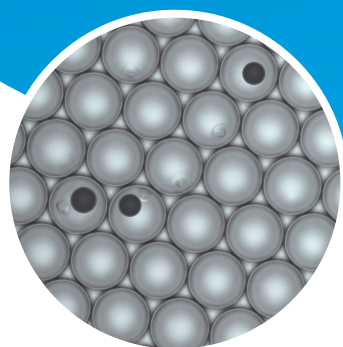

Time: 10:00am to 4:00pm

Location: Li Ka Shing Knowledge Institute, 209 Victoria St, Toronto, ON M5B 1T8, Canada

Lunch and refreshments will be provided.

St. Michael's
Inspired Care. Inspiring Science.
